

## Centauri (Volume 1)

Lucky enough to be chosen as an astronaut, Lieutenant Robert Sears finds himself on the Mayflower, a brand new D-75 ship, hurtling towards Mars on a hunt for Martian gold with his captain and two crewmates. Lt. Sears and his fellow crewmates find war instead of gold when they witness an intergalactic battle between the Centaurians and the Zendorans leaves one lone Centaurian survivor and severely injures the captain of the Mayflower. Seemingly desperate to help, the Centaurian survivor, Drayden, transports the Mayflower's captain and crew back to Centauri to render aid. Yet, when the captain never recovers, one crewmate mysteriously dies at the hands of a Zendoran droid, and another comatose after a deadly fall, Lt. Sears finds himself seething with anger at the Zendorans and willing to do anything to exact his revenge. But who is really behind the deaths of his captain and crewmate? Will Lt. Sears discover the truth before it's too late? Or will he, like his friends, end up a victim of Centaurian cruelty? Readers are entranced by the reality woven by author Ken Bush in this tale of betrayal, redemption, and deceit, saying, wow, what a read! and I lost track of time, I couldn't put it down! A real page turner!-Kathryn This is a great story!-Loki Awesome!-Ken I typically don't go for sci-fi but this was cool!-Nannette Cool!-Sam
