

Bad Boys Aint No Good, Good Boys Aint No Fun

Ayesha had a hard life. She was abused by her father since the young age of eleven and thrown out to fend for herself by her mother at the age of 14. That is, until she moves in with her classmate Rahiem and his brother. Ayesha becomes Rahiems girl, then things take a major turn when Rahiem is sent to prison for 10 years. Ayesha is there throughout it all and when he is finally released, she is still there to pick him up. Fresh out of prison, Rahiem tries to stay out the streets. But will he be able to once the money starts calling his name? All the while, hes been keeping his side chick a secret until Ann starts getting careless and doesnt want to leave him alone. When Ayesha finds out, she seeks comfort in another mans arms, an investment banker that wants her all for himself. Will she stick it out with Rahiem even after his infidelities or will she choose the new guy, Mike? When people resurface from Ayeshas past trying to destroy her, it might be a little too much for her to bear. Will her past come back to kill her, or will she get away just in time?
