

Darwins Quest: The Search for the Ultimate Survivor

Corter Laurence beat the odds to get selected as a contestant for Darwins Quest, the most popular reality show in the galaxy. All he has to do is outlast his other 15 castmates and the money and fame will be his. Darwins Quest is not for the faint-hearted, though. The show is beset with dangers, both natural and man-made, and the winner truly is the Ultimate Survivor. Although each season is a little different and has its own theme, initially, the show proceeds as can be expected. Contestants are eliminated, and the viewing audience votes to bring some back for another chance. But then something goes awry, and the castmates lose all contact with the production staff. Abandoned on a harsh, dangerous world, they now face an actual, desperate fight to stay alive. Darwins Quest is no longer a reality show, but reality.
