

Eldritch Chrome: Unquiet Tales of a Mythos-Haunted Future

DURING THE DECADES since H.P. Lovecraft first wrote of the Cthulhu Mythos, many authors have crossed his themes into other genres, enhancing his original vision with stories taking place in the distant past, in the far-flung future, and in myriad places in-between. Cyberpunk tales are written in dark, gritty, film-noir styles. Their protagonists live and die at the bottom echelon of an electronic society gone awry. They may be seedier, poorer, and less inclined to make moral judgements than stoic Lovecraftian New Englanders, but in Cyberpunk-Cthulhu tales they encounter the same horrors as their more-genteel predecessors.

Confronting monstrous entities and fiends from beyond space and time, the Cyberpunk-Cthulhu hero may wield high-tech weapons and have other advances at his or her disposal. To beings where time has no meaning and whose technologically is so advanced that their actions seem supernatural or powered by magic, no human finds an advantage. This is the Cyberpunk-Cthulhu worldmythos horrors lurk at the edge of society, mythos-altered technology infects human beings, dark gods lurk in cyberspace, and huge corporations rule society while bowing to entities inimical to humankind. Selected and edited by Brian M. Sammons & Glynn Owen Barrass. Cover art by Daniele Serra. 272 pages. Trade Paperback.

ISBN-10: 1568823894 ISBN-13: 9781568823898 The Tales Included: Obsolete, Absolute by Robert M. Price The Place that Cannot Be by D.L.
