

The Manticore Ascension: A Short Story in the Arena Mode Universe

The Arena Mode Sagahas over 500 Five-Star Reviews across Amazon and Goodreads, and is Kickstarters #1 selling science-fiction series of all time. THIS BOOK TAKES PLACE BETWEEN THE EVENTS OF ARENA MODE AND ASSAULT OR ATTRITION**SPOILER ALERT FOR

SUMMARY BELOW***** Brynja Gu?mundsdottir is dead. Though technically speaking, mostly dead might be a more accurate description. In 2041's most dangerous sporting event - Arena Mode - Brynja competed for a multi-billion dollar prize by fighting twelve of the world's most dangerous superhumans. Her ability to become incorporeal and pass through objects kept her alive for the majority of the event, and she was well on her way to crossing the proverbial finish line...that is, until she was struck by a bolt of electricity, phasing her out of existence. Or at least her existence in time and space as we understand it. In the Arena Mode Saga, Brynjas story came to an end. But in the continuum of infinite universes and endless possibilities, her adventure is just about to begin. Discover the series that has been nominated for the prestigious BSFA Award (Arena Mode, Best Novel of 2013), has been ranked #1 on Amazon in the US and the UK (Arena Mode, Superhero and Dystopian categories, May 2015) and is currently part of the high school curriculum in the state of Florida.
