

Stop the bitch! Cancer

What does it take to fight and survive an incurable cancer? What can we do to prevent cancer? Stop the bitch! Cancer is a compelling chronicle of Summers fight and determination to beat an incurable cancer, Multiple Myeloma. Her journal describes how difficult and emotionally challenging the fight can be. Summers experience leads her on a search to find answers on understanding what causes cancer and what we can do to prevent it. Her prevention guide provides a thought provoking view on understanding the answers to these questions. Her battle inspired her to share her insights on chemicals in personal care products, food and household products and in helping others with making healthy life choice decisions.
