

Reduced to Dust (Concealed in the Shadows Book 3)

The commander devastated the town of refugees and, to wound Sydney more deeply, seized her family. Crewe promised to help her rescue them, but paralyzing grief over his own loss has made him unreachable. With the other seekers feeling equally defeated and the traitor still among them Sydney is more alone in this fight than ever, but she will not give up. With relentless determination, she vows to do everything in her power to get her loved ones back. Sydney's chances for success are threatened as plans backfire and unforeseen obstacles arise. When her true tie to the commander is revealed, she loses the trust of the few allies she has left. The situation grows even graver when a terrible epidemic advances, and the responsibility to decide who will have a shot at surviving is placed in her uncertain hands. The suffering has to end, and only Sydney has the unique knowledge and connections to bring down the cruel leaders of the oppressive system. The time has come for the battle of her life one that will claim many. Even if she survives, will her heart endure the choices she will be forced to make?
