

## Soups (52 Series, Simple Everyday Recipes)

This book is part of the 52 series which offers one recipe for each week of the year. The whole series is written by Angie Sansom who is quickly emerging as a new talent in Kindle cookbooks. Soups, simple everyday recipes has 52 recipes from Angies own scrapbook and many are modified to suit modern day living. Most of Angies cookbooks are written with ease of use in mind and this one is no exception with many of the recipes being quick and easy to put together. Every single soup recipe has been tried and tested and most are pleasing on the pocket as well. There is something special about home-made soups and the knowledge that you are feeding natural whole products to the family gives a warm glow that is almost as warm as a bowl of fresh soup itself. The recipes include Crab and Sweet corn soup (authors favorite), garlic vegetable, carrot and dill, parsnip and apple, cucumber and mint pea, creamy tomato, spicy cauliflower, beef and noodle, roasted red pepper and ginger, easy ham hock soup and many more. Most of the ingredients are available to everyone and with a blender to hand you will soon be creating wonderful home-made soups. Look out for more cookbooks in the 52 series covering Chicken Dishes, Casseroles and Stews, Pies and Pastries, Smoothies and Cakes. All photography by Angie Sansom
