

God Laughs & Plays; Churchless Sermons in Response to the Preachments of the Fundamentalist Right

The most important book on religion this year, perhaps this decade. -- The Literary Spirituality Review In this multiple award-winning and bestselling diagnosis of the contemporary American spirit, David James Duncan suggests that the de facto political party embodied by the so-called Christian Right has turned worship into a self-righteous betrayal of the words and example of the very Jesus it claims to praise. In a bracing and often hilarious response to this trend, *God Laughs & Plays* offers churchless sermons, stories, memoir, conversations, and cosmological reflections that scorn riches and embrace the poor; bless peacemakers, not war-makers; celebrate creation, diversity, empathy, playfulness and beauty; and insist that Divine Mystery is indeed mysterious and compassion is literally compassionate. The spiritual kingdom described by Jesus, this unusual book reminds us, is located not in the Sky or beyond a disastrous future, but within us, to be sought and embodied in the here and now.
