

# Boredom Busters for Cats: 40 Whisker-Twitching Games and Adventures

Cats are commonly misconceived as the household pet that needs little attention. In reality, cats require the same sort of mental and physical stimulation as any other pet in order to be healthy, happy and more importantly, non-destructive in the house. Boredom Busters for Cats explores how to enrich your feline friends life through socialization, interactive toys, activities and much more! Pet expert and author Nikki Moustaki covers different ways of interacting with your cat so that he will develop good habits in the house as well as enhancing his individual health and intelligence. She also includes advice on which toys to use, how to play with your pet, and activities for your cat to do while you're away from home.
