

Prometheus Bound and Prometheus Unbound (Bound as One in Slipcase)

Prometheus Unbound (Ancient Greek: ?????????? ??????????, Prometheus Lyomenos) is a fragmentary play by the Greek poet Aeschylus, concerned with the torments of the Greek mythological figure Prometheus and his suffering at the hands of Zeus. It inspired the play of the same title by Percy Bysshe Shelley. Prometheus Bound the play is composed almost entirely of speeches and contains little action since its protagonist is chained and immobile throughout. At the beginning, Kratos (strength), Bia (force), and the smith-god Hephaestus chain the Titan Prometheus to a mountain in the Caucasus, with Hephaestus alone expressing reluctance and pity, and then depart. According to the author, Prometheus is being punished not only for stealing fire, but also for thwarting Zeus's plan to obliterate the human race. This punishment is especially galling since Prometheus was instrumental in Zeus's victory in the Titanomachy.
