

Stormy Weather: Foursomes

Stormy Weather is a lament in the aftermath of a failed relationship - twelve prose poems or foursomes working in a field of emotional turbulence with humour and curiosity. Each of the books twelve sections fall into four paragraphs, and four companion quotations divide the sections; hence the subtitle, foursomes, a term rassed away from the game of golf. The author, literary luminary Stan Dragland, confesses himself surprised at the diversity of fascinating material that gathers to his distress, some of it inappropriately funny. The heart falters but the world goes on. The heart falters but the mind leaps, from September 11, 2001 to Lears Fool to The McGarrigle Hour to Jack and the Beanstalk to Mr. Iceberg to the dream of the blue dress to Paul Durcans poetry to (disconnected) dry bones. The sentences, plain and protean, are answerable to all this bounce. This book is like a fine old song that overflows with tenderness and hardwon wisdom. A true and perfect companion for every weather. - Elizabeth Hay
