

The Self in the Family: A Classification of Personality, Criminality, and Psychopathology (Wiley Series in Couples and Family Dynamics and Treatment)

In his acclaimed book *A Theory of Personality Development*, Luciano L'Abate introduced a revolutionary theory of personality development and functioning that departed radically from traditional theories. In place of hypothetical traits existing in an empirical vacuum, Dr. L'Abate offered an image of observable interpersonal competencies functioning within the basic contexts of home, work, leisure, and the marketplace. Central to his theory was a developmental model that posited the family as the primordial setting in which propensities are formed and behavior patterns set. By defining personality in terms of the growth and interplay of interpersonal competencies, the L'Abate theory provided an epistemologically and empirically sound basis for understanding personality function and dysfunction as corollaries and extensions of one another. In *The Self in the Family*, Luciano L'Abate and Margaret Baggett again break new ground by expanding the L'Abate theory of personality development to encompass criminal and psychopathological behavior. Drawing upon mounting empirical evidence that the family paradigm is the major determinant of personality socialization throughout the life span, the authors develop a selfhood model with demonstrable links between the three domains of personality function, criminality, and psychopathology. With the help of the model, they show how it is now possible to arrive at a personality-based interpretation of most deviant behaviors, including criminality, psychopathology, addictions, and even psychosomatic illnesses, and they describe various preventive and psychotherapeutic applications for this expanded theory of family-based personality development. The authors further elaborate on the theories developed in Dr. L'Abate's previous books by introducing the core concepts of hurtthe basic feeling underlying much of

personality functioning and dysfunctioning and a continuum of likeness the fundamental determinant of interpersonal choices and behavior in friendships, parent-child relations, and marital relations. Offering an empirically rigorous, developmentally based, unified field theory of personality function, criminality, and psychopathology, *The Self in the Family* is essential reading for developmental and clinical psychologists, family therapists, personality theorists, and criminality and psychopathology researchers.

CHILD-CENTERED FAMILY THERAPY Lucille L. Andreozzi

This book is the first complete introduction to the Child-Centered Structural Dynamic Therapy Model a revolutionary, short-term treatment model which helps integrate child and family system development into a comprehensive framework for self-guided, family-initiated change. This guide, with its numerous case illustrations, works to build knowledge from within the family by engaging family members in structured activities that help them translate family system principles into practical, everyday reality. *Child-Centered Family Therapy* is an important resource for couples and family therapists, child psychologists, counselors, and social workers. 1996 (0-471-14858-X) 374 pp. **TREATING THE CHANGING FAMILY** Handling Normative and Unusual Events Edited by Michele Harway This inimitable book offers a broad-ranging, carefully integrated review of contemporary trends in family therapy, research, and practice. It reexamines the family and the many challenges to its function and provides practical advice for therapists who treat troubled families. It explores the impact that non-normative events such as violence and abuse, addiction, long-term and chronic illness, divorce, adoption, trauma, and many others can have on family function and provides proven intervention strategies and techniques for treating these families. With the special attention given to the structure, dynamics, and unique problems of families that do not fit the

traditional mold, such as binuclear, single-parent, and gay and lesbian families, Treating the Changing Family is a valuable resource for all mental health professionals and families. 1995 (0-471-07905-7) 374 pp. Also in the Series: HANDBOOK OF RELATIONAL DIAGNOSIS AND DYSFUNCTIONAL FAMILY PATTERNS Florence W. Kaslow, Editor 1996 (0-471-08078-0) 592 pp.
